SPECIMEN FISH RULES

1. All entries must be caught by fair means and the catch ratified in one of the following ways:
By one club member, or:
 - If no club member present, by 1 independent witness, or;
 - If caught in a recognised match, verified by a match steward.
2. If not weighed in a match, the scales may be required to be verified against the DDAS scales.
3. The specimen/record fish list will be divided into:
 - All species caught in the UK.
 - All species caught on society & association waters (as per membership book), & club matches.
4. The Specimen weights are also published in the society membership handbook.
5. Completed specimen fish entry forms should be sent to the society membership secretary or left at the bar in the Weymouth Angling Club, Commercial Rd, Weymouth.
6. All entries received which achieve 100% of qualifying weight will receive a specimen fish label pin badge.
7. The overall best specimen, caught on society waters will receive the Specimen Cup. This Trophy is open to all species and will be compared as a percentage of Specimen weight.
8. The Specimen season will run from 1st June to 31st May each year.
9. Any Species caught that is not on the list may be entered and will be judged as a % of the British record.
